Watch

Watch Ms. Travis-Keene read ***Sheep in a Jeep* by Nancy Shaw and Baa for Beginners by Deborah Fajerman** on the museum's Facebook and say hi to her friend, Chickenteague!

Do

1. Design a little sheep to sit on your desk using the coloring pages below. What color would you choose for your sheep? Hint: They can be black, brown, or tan in real life.
2. Do you remember what happened to the sheep in the jeep? What other animals helped them out?
3. On one of the coloring pages, there is a mother sheep, called a ewe, with her lamb. Can you add more flowers to that picture? You can add a bell around the ewe's neck so her owner knows where she is.
4. What are your favorite machines? Are they trucks, backhoes, cars, or bulldozers? Color a bulldozer below!
5. Make the game of three bags, using the number cube to add items to each bag.

Listen

Sing along to the song "Jeep-Vehicle Rhyme" by Appuseries, which can be found at https://youtu.be/w1V1z75-rmQ

Sheep

1. Print this page and color the sheep. Glue the page to a thin piece of cardboard, such as a recycled cereal box or manila folder.
2. After the glue dries, cut along the dotted lines.
3. Fold in half along the solid line, so your sheep stands up. If you want, draw a picture of a field or farm and use it as a background for your sheep.
