Honor the legacies of the men and women who worked at Bethlehem Steel by purchasing an engraved brick to be placed in the Baltimore Museum of Industry's **Bethlehem Steel Legacy Brick Garden**. The Brick Garden will be located in a prominent location on our campus near the Bethlehem shipyard crane that marks the museum entrance.

Serving as a visible reminder of the contributions of the steel mill workers, the Bethlehem Steel Legacy Garden will be a place for visitors to reflect on the proud history of the Sparrows Point steel mill and invite conversation about the people who worked there.
