

Design It **Post-Visit Information**

Classroom Resources: Post-Visit

1. [Virtual walk-through program](#): Return to the virtual tour to check out additional spaces in the museum. Revisit the galleries on the tour to start a discussion using the questions below.
2. [Student Youtube Playlist](#): After your experience, reinforce the information covered on the tour by watching these short videos on the industries covered during the tour.
3. Visit our [Activities From Home](#) page for more activities for your students that pair well with the information covered during the *Design It* program.

Classroom Discussion: Post-Visit

1. Which parts of the activity did you have trouble with? Why do you think that problem occurred?
2. Which step in the design process (plan, materials, build, test, revise) was the most important, and why?
3. What kinds of problems can engineers encounter when designing things in the real world?
4. If you were to do this activity again, what would you do differently in planning and building your designs?
